to-I%29%20Training%20Program'

Application deadline is September 13, 2026@ 11:59 PM ET, with cohort start date of September 23, 2026.

Application process & details available here! (https://www.mcgill.ca/engine/funding-programs/students/invention-impact-training-program#:~:text=Important%20Dates,deadline.%20Apply%20here.)

he Invention to Impact (I-to-I) Training Program uses experiential learning to help McGill graduate students and their faculty supervisors gain insight into:

- technology commercialization
- entrepreneurship
- industry requirements and challenges

I-to-I provides tools and training to support researchers to **translate their research to the marketplace and have their solutions benefit society**. The program imparts an evidence-based methodology that students and professors can use for the rest of their careers, and it also enables the transformation of inventions to impact. This program allows student participants to receive Student Experience Record (https://www.mcgill.ca/eln/ser) as it is an approved Co-Curricular Work-Integrated Learning program.
